

Fogarty International Center
Implementation Science and Global Health
2010 Satellite Meeting
March 17, 2010

AGENDA

- 9:00am – 9:05am Welcome
- Linda Kupfer, Acting Director, Division of International Science Policy, Planning and Evaluation, Fogarty International Center*
Sejal Mistry, Policy Analyst, Division of International Science Policy, Planning and Evaluation, Fogarty International Center
- 9:05am – 9:15am Introduction
- Roger Glass, Associate Director for International Research, and Director, Fogarty International Center, National Institutes of Health*
- 9:15am – 9:45am Keynote Presentation on Implementation Science
- Lynn Freedman, Director, Averting Maternal Death and Disability Program and Law and Policy Project, and Professor of Clinical Population and Family Health, Columbia University Mailman School of Public Health*
- 9:45am – 10:45am Panel Session on Implementation Science Research
Moderator: Katharine Sturm-Ramirez, Fogarty International Center/NIH
- Effects of community-based follow-up care on the recovery of severely underweight children: a randomized intervention trial
Md Iqbal Hossain, ICDDR-B
 - An empirical investigation of the feasibility and importance of implementing a multi-axial diagnostic system for assessing personality disorders in China
Tianhong Zhang, Shanghai Jia Tong University
 - Developing FASD prevention in Russia
Tatiana Balachova, University of Oklahoma Health Sciences Center
 - Lessons learned on projects of implementation science
José Belizán, Institute for Clinical Effectiveness and Health Policy
- 10:45am – 11:15am Break and Poster session
- 11:15am – 12:15pm Panel Session on Implementation Science Research Training and Curriculum Development
Moderator: Linda Kupfer, Fogarty International Center/NIH
- The development of mental health implementation research in China: A review of activities of trainees of the Harvard Medical School ICOHRTA program
Byron Good, Harvard Medical School

- Development of a global health implementation curriculum
Philip Keiser, University of Texas Medical Branch
- Designing and conducting dissemination and implementation research training in resource-constrained settings - The experience of ICOHRTA in Uganda
Nelson Kakande, Joint Clinical Research Centre, Kampala, Uganda
- Future global health jobs and competencies: Views from a survey of global health leaders
Stephen Gloyd, University of Washington

12:15pm – 1:15pm

Panel Session on Building Linkages and Partnerships for Implementation Science

Moderator: Sejal Mistry, Fogarty International Center/NIH

- A university-NGO linkage program designed to promote research on implementation of nutrition programs in sub-Saharan Africa
Kenneth Brown, University of California, Davis
- Using multi-level partnerships and mixed research methods to reduce maternal mortality
Daniel Perlman, University of California, Berkeley
- How to implement research study outcomes into healthcare policy and Practice
Elena Varavikova, Federal Research Public Health Institute on Information and Organization, Russia; University of Oklahoma Health Sciences Center
- Program of implementation research on mental health legislative issues in China
Zhiguo Wu, Shanghai Mental Health Center, Shanghai Jiao Tong University

1:15pm – 2:30pm

Lunch

2:30pm – 3:30pm

Breakout Sessions:

- Implementation Science Research
Moderator: Ken Bridbord, Fogarty International Center/NIH
- Research Training and Curriculum Development
Moderator: Myat Htoo Razak, Fogarty International Center/NIH
- *Building Linkages and Partnerships*
Moderator: Nalini Anand, Fogarty International Center/NIH

3:30pm – 4:00pm

Break/Poster session and Breakout session write-up

4:00pm – 4:45pm

Report Back and Conclusion
